Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

I. Claims 1-19, drawn to a solid freeform fabrication process, classified in class 264, subclass 113.

II. Claims 20-47, drawn to a solid freeform fabrication apparatus, classified in class 425, subclass 375.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another and materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case, the process as claimed can be practiced by another and materially different apparatus such as an apparatus which does not have a fabrication chamber. The apparatus as claimed can be used to practice another and materially different process such as a coating process.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by

Art Unit: 1732

their different classification, restriction for examination purposes as indicated is proper.

4. A telephone call was made to Timothy F. Myers, applicant's representative, on 08 August 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
